Dear Resident:

Re: Quayside Drive Boulevard Tree Pruning

Please be advised that the City of New Westminster, Parks Arboriculture Division, will be performing tree pruning on the Ash trees on the south side boulevard of Quayside Drive.

Work is scheduled to commence on June 30th and may take up to 2 weeks to complete. Crews will be working on weekdays between approximately 7:30 am and 4:00 pm, excluding Monday July 3, 2017.

The purpose of this pruning is to manage the overall health of the trees and to provide clearance for pedestrians, vehicles, light standards and buildings on Quayside Drive. While this work is occurring, small portions of the road will be signed off each day and street parking temporarily prohibited in designated areas below the trees.

The City of New Westminster will endeavor to minimize disruptions as much as possible and thanks you in advance for your cooperation. There will be traffic control staff on site to assist with communication to pedestrian and vehicular traffic.

Should you require any additional information, please contact New Westminster Parks and Recreation at 604-527-4567 or email active@newwestcity.ca
